About This Game

Relive the Golden Age of Gaming with 100 of the most popular iconic games from the 70's and 80's. Now with online multiplayer capability, this extensive catalog includes classic Atari® titles like Asteroids®, Centipede®, Missile Command®, and many more, paired with intuitive new controls designed to mimic what Atari fans remember from the glory days! The brand new additions of online and local multiplayer, along with Steam Leaderboards, allows you to challenge friends and compete with players from around the world like never before. And now with Steam Controller support, you'll have unprecedented levels of precision control. Atari® Vault is the ultimate collection of classic Atari titles, and is guaranteed to provide hours of fun!

FEATURES:

- **100 Classic Atari 2600 and Arcade Games –** Play seminal Atari titles including Asteroids, Centipede, Missile Command, Tempest, Warlords, and so much more.
- **Online and Local Multiplayer and Steam Leaderboards –** For the first time ever, battle for arcade supremacy online or at home and compare your high scores with players from around the world.
- **Steam Controller Support –**Experience a new level of control playing your favorite games with the multi-functional

Steam Controller.

- **Brand New User-Interface –** New User-Interface designed to create the greatest classic arcade experience.
- **Original Cabinet and Box Art –** Relive the glory days with period-accurate cabinet and box art.
